

Hi! My name is Adam, but you can call me Adz!

My favourite food is cereal which I eat for breakfast everyday. My favourite colour is blue and my favourite subject at school is PE because I love playing different sports.

The sport that I am best at is football, which I play during lunch time and for a local team on the weekend. One day, I'd like to play professionally.

In my spare time I love doing anything that's outdoors like going for walks, and playing in the park.
