

Hey there! My name is Alana and I'm one of the BFFM Friends!

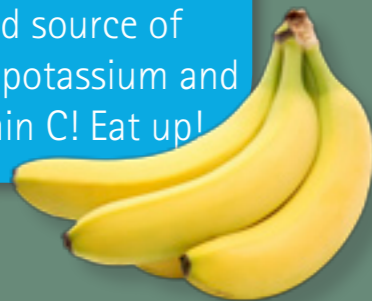

My favourite colour is yellow because I am always happy and willing to help others. My favourite subject at school is art, and my favourite food is banana bread.

I love to play tennis, where I practice at a local tennis club three times a week. I hope that when I get better I can play in a grand slam.

Alana

FUN FACTS!

Bananas are the most well-known fruit. They contain a good source of fibre, potassium and Vitamin C! Eat up!

DID YOU KNOW?

Rod Laver is the only tennis player to have twice won all four grand slams single titles in the same year! And he did it twice in 1962 and 1969!

ACTIVITY: Colouring In Fun with Alana!
Fancy a game of Tennis with Alana? Help colour in this picture of her playing tennis!
