

Hello! My name is Caroline, but my friends call me Caz!

I'm the tallest of the BFFM Friends! My favourite colour is orange and purple, and I love eating Carrot cake. My favourite subject at school is English and in my spare time I like looking after the environment by recycling and saving water at home.

I like playing ball sports such as netball, volleyball and tennis, but my favourite sport of all is basketball.

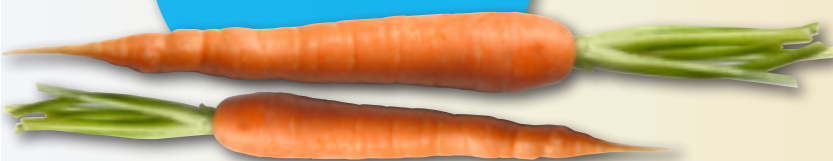

My goal in the future is to become a professional basketball player and encourage more girls to play.
